

The Criminal Justice Information Sharing Portal

This integrated justice solution gives criminal justice professionals an instant, up-to-date database of booking records, incident reports, and other data from thousands of agencies across the country. Analytics, including the ability to map incident reports and view relationships, help users analyze the data being presented.

JusticeXchange offers the ability to integrate your existing criminal justice system into this one-stop application. While using JusticeXchange to look up data throughout the nation, you can also access other needed information without having to log into another system.

"I believe JusticeXchange is a very valuable resource and an excellent example of using modern technology and information sharing to get the job done."

Officer Glen McCull
Commerce Police Department
Commerce, Texas

What is Possible with JusticeXchange?

- Monitor probationers and parolees
- Locate offenders
- Analyze and present relations through LinkedUp
- View incident reports and crime trends on MapTracker
- Track down dead-beat parents
- Set up watches for wanted persons or suspects
- Locate non-compliant sex offenders
- Query thousands of criminal justice databases across the country at once
- Integrate your system - such as querying your Department of Motor Vehicles

LinkedUp shows users who and how an individual is connected to others.

MapTracker allows users to view incident reports in a specific location.

Testimonials

Criminal justice agencies across the country are realizing the value of JusticeXchange, and the results speak for themselves.

Watch Feature Locates Drug Trafficker

"Without JusticeXchange, we would not have known where our subject was located since surveillance and informant efforts had failed to assist in his location. JusticeXchange helped us keep a violent, repeat offender behind bars and away from our communities."

**Debbie Abney, Government Analyst
Florida Department of Law Enforcement**

Forgery Suspect Located

"JusticeXchange not only helped me locate the suspect, but it also helped me locate other agencies who have dealt with the individual in the past. Without JusticeXchange, I may have continued to always be a couple of weeks behind the suspect's whereabouts."

**Detective Morgan Palmiter
Daviss County, Kentucky Sheriff's Office**

Crime Analysis Research

"This is an invaluable tool for detectives and analysts. In addition, the information offenders are giving to the respective jail staffs such as phone numbers and addresses is information that might not be in other databases."

**Tony Berger, Crime Analysis Supervisor
Pierce County, Washington Sheriff's Department**

Why is JusticeXchange so Effective in Helping Law Enforcement Professionals Solve Crimes?

- Data refreshes every hour
- Delivers offender data from over 31 states, making it the most complete network of local jail data available
- Contains more than 40 million booking records and is growing on average by more than 600,000 records per month
- Contains millions of records management system data for investigative purposes
