

VINE FEATURE SPOTLIGHT: What's New in VINE?

Did you know there's a simple way to stay up-to-date on new features, enhancements, and important updates in VINE?

We recently launched a feature to communicate these items and more right from VINELink!

When you go to www.VINELink.com or open the VINELink mobile app, first, select your state.

On your state's landing page, locate "New in VINE" in the top menu.

See the blue dot? That means there's something new for you to read!

Once you click the link, a new page will open to show you all the most recent updates as well as important news about VINE in your area.

You will be able to access the most recent information about what's new in VINE, as well as how to interact with the new updates on either your desktop or phone.

You'll also see a section where you can filter the page by category. Want to see the recent improvements to VINE? Want to know all about the newest features? No problem! Simply click the category to see all posts related to that topic.

There's also a search feature where you can look for posts related to a specific topic. So, if you want to see important information on items like "notifications" or "registrations" in your state, just type your search terms and go to your results!

Everyone who uses VINE will have access to this feature. Just click "New in VINE" in your state's site today and stay in-the-know on all things VINE!
